PROGRAM

This programme is made up of 4 modules (Mentoring services are available to all participants for a six month period)

23 CPD HOURS

PRESENTERS

Dr Vladimir Hotinski BDSc MSD

Dr Vladimir 'Bob' Hotinski completed his undergraduate dental degree at the University of Western Australia in 1969 and his specialist prosthodontic training at the University of Indiana in 1978. He has established a successful full time specialist private practice in the Hills and since 1980, Bob has also been involved in teaching at the University of Western Australia in varying capacities. He has lectured extensively and conducted courses both nationally and internationally and also been involved in developing programmes and lectures at the Dental School, University of Phnom Penh, Cambodia. He is currently also a clinical supervisor for Adelaide University. Bob's passion is training and education in conjunction with clinical practice: his key interests are the interdisciplinary management of complex adult dentitions, aesthetically challenging cases, implant and CEREC technology.

Dr Mahnaz Syed BDSc MClintDent(perio) FDSRCS, DGBP

After graduating from Guys Dental School in 1992, Dr. Syed went into general dental practice completing her diploma in general Dental Surgery.

In 1998 Dr. Syed commenced her specialist M.Clin.Dent at the Royal London Dental Hospital. This qualification was completed with distinction in 2001. During her specialist training, Mahnaz also completed her fellowship and membership qualifications.

Dr. Syed worked as a Periodontist and principle clinical researcher in a multi-disciplinary research project in "Investigating prognostic factors in relation to treatment outcomes in patients with aggressive periodontitis".

Dr. Syed is currently a tutor for Periodontists at OHCWA and runs her own successful specialist practice in Subiaco.
