

Associate Professor AXEL SPAHR Dr. Med. Dent. Habil.

Axel Spahr is Head of Periodontics at the Sydney Dental Hospital and Head of the Discipline of Periodontics at the University of Sydney. A/Prof. Spahr is the former Head of Periodontics at the University of Ulm in Germany and has worked at various international universities and research facilities. He has additional training in microbiology, molecular biology, extensive experience in basic science research, animal research and clinical research. A/Prof. Spahr's research interest includes periodontal regeneration, bone regeneration, periodontitis and systemic diseases as well as antimicrobial therapy.

He has lead large externally funded research projects and is collaborating with leading international research groups and companies in the field of periodontology, implantology and bone regeneration. He is author of numerous publications in international peer-reviewed dental and medical journals and has presented his work on professional conferences worldwide. A/Prof Spahr is a Board Registered Periodontal Specialist and is the current Secretary of the Periodontal Research Group of the International Association of Dental Research (IADR).

EMS SWISS DENTAL ACADEMY AUSTRALIA COURSES

JANUARY - JULY 2016

Dr SAL SHAHIDI BMedSc, BDent (Hons), FRACDS

Dr Sal Shahidi graduated with a Bachelor of Medical Science before obtaining his Bachelor of Dentistry with Honours from the University of Sydney. He holds a Fellowship with the Royal Australasian College of Dental Surgeons and is currently undertaking a Doctor of Clinical Dentistry in Periodontics.

Dr Shah s been working in private practice since 2006 and has also been involved in teaching in the undergraduate program within the discipline of Oral Surgery and Periodontics. He is a member of the Australian and New Zealand Academy of Periodontists and the International Team for Implantology.

Dr JEREMY VO

Dr Jeremy Vo obtained his BDS from the University of Adelaide and is currently undertaking the Doctor of Clinical Dentistry in Periodontics. He has been awarded separate research grants in the fields of periodontology and craniofacial biology. Jeremy's areas of interest include the conservative management of periodontitis and regenerative approaches.

He has worked in private practice, and is currently working at Sydney Dental Hospital and Westmead Hospital. He is a clinical tutor for the DMD program at the University of Sydney. Jeremy is a member of the Australian and New Zealand Academy of Periodontists and the International Team for Implantology.

Modern Prophylaxis Techniques for your Practice

Maintenance and Prevention of Periodontal and Implant Disease

Presented by Associate Professor Axel Spahr Sydney NSW

Modern Concepts in Periodontal Therapy and Implant Maintenance

Presented by Dr Sal Shahidi and Dr Jeremy Vo Melbourne, VIC & Brisbane, QLD

SWISS DENTAL ACADEMY

Modern Prophylaxis Techniques for your Practice Maintenance and Prevention of Periodontal and Implant Disease

Presented by Associate Professor Axel Spahr

LECTURE

The main focus of the lecture is discussing how to identify to interested dental professionals the most modern, gentle and cost effective techniques available for periodontal and implant maintenance.

Key topics include how to make periodontal treatments more effective and more enjoyable to you, your patients and your dental practice.

Periodontal Disease

- > Understanding biofilm
- > Role of professional biofilm management
- > Insights on ultrasonic and air-polishing technologies for biofilm removal

Implant Disease

- > Applying the above principles to implants
- > How to best care for implants
- > Prevention and treatment of peri-implant mucositis

HANDS-ON WORKSHOP

This workshop is a platform for clinical experience learning and sharing. The correct techniques with both ultrasonic and air polishing devices will be demonstrated and trained first on simulation models and then clinically on patients. Dental professionals will learn to maximize efficiency and patient comfort.

Learn how to

- > Correctly apply ultrasonic instrumentation
- > Correctly utilise supra-gingival air polishing devices
- > Correctly utilise sub-gingival air polishing devices
- > Correctly utilise deep pocket sub-gingival air polishing devices
- > Learn which, when and where to utilise the different prophylaxis powders

SYDNEY DENTAL HOSPITAL SPECIFIC CONDITIONS UPON REGISTRATION

- > Be willing to undergo a National Criminal Record Check
- > Provide 100 Points of Identification to do so
- > Provide evidence of protection against specified infectious diseases
- > Must be registered with Dental Board of Australia
- > Must be covered by professional indemnity insurance including civil liability cover for all aspects of practice

For more information regarding the above please email events@henryschein.com.au

VENUE: Sydney Dental Hospital 2 Chalmers St. Surry Hills NSW 2010

TIME: Lecture only 9.00 am – 12.30 am 3.5 CPD Hours
Lecture + Workshop 9.00 am – 4.00 pm 6 CPD Hours

DATES: Saturday, 12 March 2016 | Saturday, 2 April 2016 | Saturday, 4 June 2016

COST: Lecture only \$160 | Lecture + Workshop \$650

Modern Concepts in Periodontal Therapy and Implant Maintenance

Presented by Dr Sal Shahidi and Dr Jeremy Vo

This workshop is aimed at dentists and hygienists to discuss recent advances in periodontal therapy which have influenced our management of Periodontitis and Periimplant diseases.

Clinical tips and protocols will be discussed which can improve healing and patient outcomes.

There will also be a workshop which will give participants an opportunity to trial ultrasonic and airpolishing devices on simulation models.

- Clinical indications for the safe and efficient removal of biofilm using air-abrasion, both for supra- and subgingival uses.
- How to increase patient comfort and clinical efficiency using the new air-abrasion powders

TOPICS

Diagnosis Periodontal Diseases

- > Clinical treatment protocols – non-surgical and surgical
- > Antiseptics – which one to use?
- > Antibiotics – when to prescribe?
- > Modern advances with insights on ultrasonic and air-polishing technologies for biofilm removal

Implant Diseases

- > Applying the above principles to implants
- > How to best care for implants for your patients
- > Prevention and treatment of peri-implant diseases

DATES: Sat 30 April 2016 Henry Schein Halas, Level 9, 369 Royal Parade, Parkville VIC 3052
Sat 23 July 2016 Henry Schein Halas, Grd Floor, 8 Gardner Close, Milton QLD 4064

TIME: 9-2:30PM 4.5 CPD Hours

COST: \$550
