

Information Evening on INTEGRATING DIGITAL DENTISTRY

Scan. Design. Mill. 3D Print

Dr. Tony Saad

Graduating with a Bachelor of Dental Surgery from the University of Sydney in 1992, Tony has owned and operated a number of successful dental surgeries across Sydney.

Results-driven, Tony believes the best results come from customised and comprehensive treatment plans that address the patient's specific needs.

Holding a Masters of Business Administration (MBA) at the Australian Graduate School of Management (AGSM), Tony has consulted for several international dental organisations and brings a wealth of best-practice experience to our team.

Keeping his finger to the pulse when it comes to the latest in technology and techniques, Tony continues to bring to our practice the very latest in products, technologies and services that enhance our patients' wellbeing.

Tony will share his experiences with integrating the Digital Workflow into practice with focus on improving outcomes and patient experience.

DATE: Tuesday 21 November 2017
VENUE: Henry Schein Halas Sydney Showroom
